

Your Message, Delivered in a Way that Delights, Impresses, and Surprises

Our Mission

Awesome 3D Cards' mission is to help businesses deliver their messages in unique ways that connect at a personal and emotional level by using 3D pop-up card "micro-experiences" to delight, impress, and surprise prospects and clients.

Why We Do What We Do

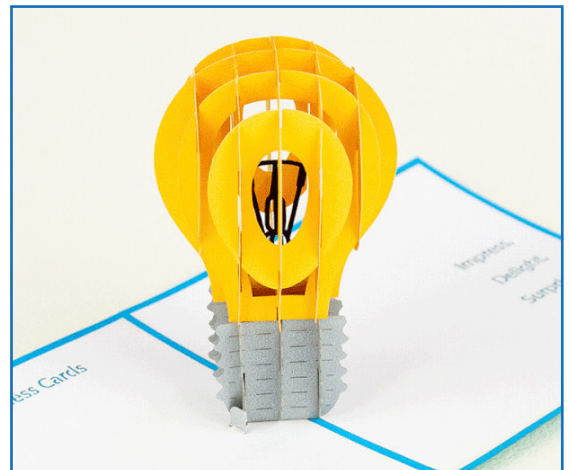

We envision a business world where companies and organizations focus on meaningful, very personal connections to allow clients, customers, and prospects to feel truly valued, appreciated, and special.

Awesome 3D Cards are our way of bringing creativity and artistry to customer delight.

How Our Clients Use Awesome 3D Cards

Our clients use Awesome 3D Cards to build deeper and more personal connections with prospects, clients, partners, and vendors. We are not in the retail business, but some of our clients may be resellers focused on the retail or client service markets. Awesome 3D Cards are used

- As attention-getting prospecting tools
- As unique thank-you cards
- To commemorate milestones
- As stand-out event invitations
- For memorable recognition (birthdays, service anniversaries, etc.)
- As souvenirs

Awesome 3D Cards are Cost-Effective

With stock 3D "models" available, unit costs starting at under \$5/card, and minimum order size of just 200 units, Awesome 3D Cards provides a lot of "Awesome! for the buck."

Company Background

Awesome 3D Cards is a privately held company founded in 2018 by Harlow Russell, and is based in Austin, Texas. Mr. Russell is the current CEO.
